AROUND THE TOWN

See Reitzel & Kalbfleisch's ad. on another page.

Our stock of men's fine hats is complete. Reitzel & Kalbfleisch.

Mr. and Mrs. T. A. White and family moved to Camrose on Wednesday to their new home.

We invite you to inspect our stock of ladies' fancy collars, belts and hand bags. Reitzel & Kalbfleisch.

Mrs. G. M. (Dr.) Reed left on Friday night for Montreal on a visit to relatives and will be gone about six weeks.

We have a good assortment of Xmas goods, including ties, mufflers, gloves and handkerchiefs. Reitzel & Kalbfleisch.

Hay! Hay! Hay!—I will haul to town. Phone Mr. Lyons, Neapolis, or write J. A. Gateau, Neapolis, and I will be on the job.

Farmers going to Carbon for coal will find it profitable to take a load of barley or oats to the Carbon creamery. Highest cash price paid.

Those wishing to see season skating tickets can do so by applying to Mr. H. S. Patterson. The price of the skating tickets are, adults 50, children 25.

The Bergen trade with Didsbury is strong on the increase. \$10,000 less than a season being put up at the north barn on Wednesday.

The Bishop of Calgary will hold an opening dedication service at the new English church, Harmattan, on Thursday morning, December 16th, at 11 o'clock.

The Didsbury Curling Club Limited opened the skating rink on Saturday night, and a large number of skaters took advantage of good ice and the moonlight.

A big stock of all kinds of candies, nuts, raisins, dates, figs, etc. Apples—No. 1 Spies, Greenings, Russets, Spitz and Salmon, quality A. L. Leigh S. Curtis, opposite Union Bank

Norman Weicker returned from a visit to Victoria, Vancouver and Seattle on Monday night. He met several former Didsburians at Vancouver who he reports are all doing well.

We noticed last Sunday that Mr. W. H. Smith was driving a nice up-to-date Overland car which to our notion is not only a luxury but a necessity to the farmer as well as the business man.

A big auction sale of household furniture will take place at the residence of W. H. Smith, Didsbury, on Thursday, December 22nd to commence at 1 o'clock. You can secure some bargains by attending this sale.

Mr. and Mrs. R. Karnagel and daughter left on Wednesday on a visit to a daughter in Michigan, after which they will leave for a trip to Germany, Russia and other European countries. They expect to be gone about six months. We wish them much enjoyment and a pleasant journey.

For Sale—Pigs, sows and dairy cows.—P. F. Johnson.

Just arrived, a shipment of ladies' fancy silk waists in different shades. Reitzel & Kalbfleisch.

The Last Mail

Mr. H. Metenich who has been carrying the mails between Didsbury and all the eastern post offices tributary for some years back made the last trip with the mail on Monday morning, returning on Wednesday as usual. Mr. Metenich has been a faithful and willing servant of the government since he took the contract, and the business men of Didsbury and the people on his long route will miss Harry's cheerful countenance and willing service. The business men of Three Hills gave him a reception on Tuesday night and also presented him with a handsome cooking utensil. The residents of Sunnyside also showed their appreciation of his services by presenting him with a purse of \$50.

Leaving for Vancouver

Mr. W. H. Smith, who was formerly in the hardware business in Didsbury, returned from Vancouver Monday. He and his partner, Mr. Brundrett, have started a hardware business and are located in the building on Main Street to take over the business. Mr. Smith will be greatly missed not only in business circles but also in civic circles as well. He held the position of chairman of the Board of Trade for two years, was a Councillor and has also taken an active interest in the formation of the Didsbury Curling Club Limited, holding the position of provisional director until the election of the promotion of the curling. He has also been active worker for the English church who will greatly miss his services. We wish him and his partner every success in their new undertaking and can assure him a hearty welcome back to the banana belt whenever he sees fit to come.

Thrown From Bicycle

While Mr. Emerson Morrison, the lumber contractor, was bicycling home to lunch on Saturday last, he was thrown from his bicycle and sustained very severe injuries to his shoulder, being badly broken and bruised. Friend picked him up and conveyed him to his home and Dr. A. J. Waart was immediately sent for. Mr. Morrison had a very close call for his life, the effects of his fall causing a severe shock to the system, but we are glad to report that he is on the road to recovery.

School Trustees Elected

The election for School Trustees took place on Monday and contrast to expectations a fairly large poll was cast. The vote stood as follows:

Dr. A. J. Waart 84

J. V. Bersch 83

H. Reider 77

J. L. Beane 43

As the Mayor and Councillors all went in by acclamation there was no election for these offices.

**The Range With A Perfect Oven**

The oven of a Sask-Alta Steel Range roasts and bakes perfectly. It is so constructed that the distribution of heat is always even. The turkey or joints cook to a nut-brown turn on all sides. The pudding, bread and pies always come out of the Sask-Alta oven evenly baked. Another advantage is size. It takes the largest joint or the biggest turkey—and four ten inch pies can be set side by side. Added to all this, the

Sask-Alta Steel Range

oven is properly ventilated so gas or fumes never affect food. The McClary thermometer always indicates accurately the proper degree of heat for any purpose. The nickel-steel lining can't bulge or warp—can't burn out; won't admit dust. Ask the nearest McClary agent to point out the many other points of merit found in the Sask-Alta alone. Write now for the Sask-Alta booklet. Address the nearest McClary branch.

Roman Catholic Children for Adoption

The Roman Catholic Church steadfastly holds before her people the Virgin Mother and in so doing, all the motherhood comes under her lustre.

Five little children are in need of homes with Catholic mothers. Little Annie is dark, robust and just at the age when she must learn house-wifely thrills. She will be the reliance of some home when a good foster-mother trans her. Charlie is a strapping lad of eleven, strong and fair. His mother is dead and he needs the strong guiding hand of a foster-father. Under existing circumstances, little Mike's mother (German) is quite unable to feed, clothe, educate and train a strong, hungry boy of seven and a half.

Mike is dark and rather good looking. He is spendid material and will make a good Canadian. Frank is four years old, his mother is dead. The lad is big for his age and fair. We are desirous of securing a good home for Frank at an early date. Then there is another Frank with brown hair and eyes, nine years of age. He has been a fish out of water for some time. If he finds a home in which he fits in naturally and assumes responsibility, he should make good. These little children are heartily fit for real home life and real home love.

It will soon be Christmas. Let us hope that before the 25th of December each of these children will have not only a resary of their own or her own, but a warm nestle and foster parents who will recognize and cultivate the beauty and strength of character, the industry, in short, the gamut of possibility which exists in every normal minded and normal bodied child.

The Superintendent of Neglected Children, Edmonton, will be glad to give full particulars concerning these children to prospective foster parents.

Notice to Creditors

IN THE MATTER OF THE ESTATE OF JAMES CHRISTENSEN, INSOLVENT.

NOTICE IS HEREBY GIVEN that the above named insolvent James Christensen, of the Town of Didsbury, in the Province of Alberta, Hotel-keeper, has made an assignment of his estate and effects to the TRUST & GUARANTEE COMPANY, LIMITED, Official Assignee, for the general benefit of his Creditors, under the provisions of "The Assignment Act," being Chapter 6 of the Statutes of Alberta, 1907.

The Creditors are notified to meet at the Office of THE TRUST & GUARANTEE COMPANY, LIMITED, in the City of Calgary, at the hour of 2.30 o'clock in the afternoon of Wednesday, the 21st day of December, 1910, for the purpose of receiving a statement of the affairs of the said insolvent, for the appointment of Inspectors, and the giving of directions with reference to the disposal of the estate.

Every creditor or person claiming to be entitled to rank on the estate assigned is required to deliver or send postpaid to the said Company on or before the 31st day of December, 1910, particulars of his claim, verified by affidavit and such vouchers as he may admits of, and stating whether the funds so admitted for his account are particular and giving a specific value on each security (if any), in accordance with the said notice.

And notice is further given that after the said first day of December, 1910, the said Company will proceed to distribute a portion of the assets remaining under the said act, having regard only to the claims of which it shall have notice at such time of distribution.

Dated at Calgary this 9th day of December, 1910.

Dominion Forestry Convention

Special to the Pioneer:
Ottawa, Dec. 8.—Since Sir Wilfrid Laurier, Premier of Canada, has issued a call to a Dominion forestry conven-

tion to be held in the city of Quebec, January 18 and 19, 1911, the work of preparation has been going forward rapidly.

The convention is to be held under the auspices of the Canadian Forestry Association, of which His Excellency Earl Grey is the patron, Sir Wilfrid

Laurier honorary president and Hon. W. C. Edwards, the great Ottawa lumberman, president. The ministers of crown lands in the various provinces are territorial vice presidents, and Mr. R. L. Borden, M. P., is on the board of directors, which includes leading lumbermen, forest at-

A Family Affair

The Family Herald and Weekly Star of Montreal may justly be called a "Family Affair," for in its 32 pages each week there are found columns of matter that interest every member of a family, whether old or young, and however numerous they may be. It is the best combination family paper printed, and any family not now receiving it should give it a trial for next year. The publishers, we understand, contemplate elaborate improvements next year which will make it even more valuable.

"I had been troubled with constipation for two years and tried all the remedies known to first-aid men, and they could do nothing for me," writes Thomas E. Williams, Midway, Ky. "Two packages of Chamberlain's Stomach and Liver Tablets cured me." For sale by dealers everywhere.

WOMEN SUFFER

More Than Men

Women have more than their share of afflictions, and that afflict humanity. They must "keep up" to spite the cold, biting winds, or head aches, dizzy spells, etc. Miss Edward Caldwell of 123 S. Hardill street, Fort William, Ont., says:

"Booth's Kidney Pills cure Backache, dull shooting Pains, Thick Cloudy Urine, Gout, Gravel or Stone, Rheumatism, all diseases of the kidneys and bladder."

Concrete Stairs Need No Repairs Easy to Build and Last Forever

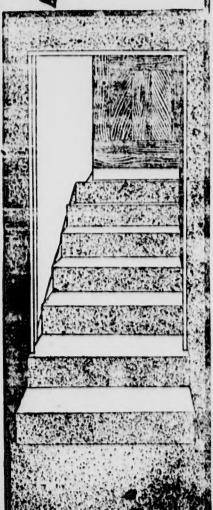

NO matter how you view it wooden stairways can never be considered economical.

Wood deteriorates rapidly under ordinary usage, and requires frequent, and often extensive, repairs to keep it in good condition.

Concrete stairs will be as good fifty years later as the day they are first put up. Age, which proves so destructive to wood, serves only to intensify the strength and hardness of concrete. Needing no repairs or painting, concrete first cost is last cost.

Let us send you our new illustrated book free—"What the Farmer Can Do With Concrete." Photographs and diagrams show many examples of concrete work as applied to the construction of farm utilities. Much of this work you'll find you can do in your spare time. Write for the book to-day. It may save you dollars, though it only costs a cent.

THE ESTIMATE STABILIZED

HOW PROCEEDS OF A. & G. W. INTEREST WILL BE SPENT

The Estimate Tabled in the Provincial Legislature by Premier Sifton Show How the \$7,000,000 Will Be Disposed of—Large Contribution to the Alberta Provincial Exchequer—To Pay Off Other Debts.

Edmonton.—Alt—The estimates tabled in the legislature by Premier Sifton indicate the manner in which the \$7,000,000, proceeds of the A. & G. W. and other interest, are to be disposed of.

The entire liability of the provinces on June 1, 1910, amounting to \$4,915,350, will be paid off, and the balance, \$4,084,650, or \$3,000,000 more than in 1910, will be used in the capital expenditure in 1911.

The result of this large contribution to the public service is that the revenue for 1911 will be more than as large again as that of 1910. In the latter year the total is \$3,678,490, while the forecast for 1911 is \$4,763,177. The result will be that the expenditure, of 1911 will be made out of income, and the year will end with the province entirely free from debt, excepting what is due to the Waterway bondholders.

Among the items of expenditure for 1911 are: \$25,000 for immigration and colonization; \$7,500 for the premier's expenses attending the coronation; \$14,000 for the Canadian Red Cross; \$50,000 for the parliament building at Edmonton; \$50,000 for a new court house at Calgary; \$30,000 for the new bridge at Lethbridge; \$50,000 towards the C. P. R. bridge, Edmonton; \$30,000 for the new government house. The details of the revenues and expenditures for the coming year are as follows: Estimated revenue for the year, which includes \$3,156,433, the balance of the A. & G. W. issue after deducting the amount of interest and dividends is set down at \$6,603,177. It is made up as follows: Estimated balance from 1910, \$336,520; Dominion—\$1,000,000; provincial lands fund, \$150,000; attorney-general's department, \$455,500; public works department, \$27,000; education department, \$20,000; government department, \$200,000; government securities' department, \$50,000; government, post office, and G. W. railway, arrived in Edmonton recently, and in an interview concerning conditions and prospects in that connection gave some very interesting information.

Mr. Wright says that he is about 75 miles north from Edmonton, and he won't find any place here bettering no one in the country at that time. But this summer, on the strength of the assurance that the A. & G. W. would not have their home there, he has homesteaded in that section where he is located. These settlers are all men of ability and of certain means, and are from British Columbia, South Dakota, Iowa, and Wyoming.

Among them they are worth perhaps \$300,000, and they settled there because they wanted to be near a market. One man, however, has come to the country this fall with a thousand sheep, and the others are already keeping him company. The country is a brush country, and there are immense hay fields. On one field Mr. Wright put up 400 tons and 400 more tons down because he learned it after he started buying land. He is likely to buy. Mr. Wright says that all the settlers where he is will leave the country in the spring, and he will hear for certain that the will not return. The country is a good one, but there must be a railway to keep the people there.

MINE DISASTER IN CROW'S NEST
Forty-five Men Entombed in Bellevue Collieries—Some Rescued, but Many Killed

Blairmore.—Friday night, shortly after seven o'clock a terrible mine explosion in the Bellevue mine of the West Canadian Coal Company, killed 45 employees in the mine. All fatal results to probably half that number and terrible injuries to the survivors. At midnight twelve men had been taken from the mine, seven dead and others very badly burnt, some of whom cannot recover.

The men in the mine are all foreigners, most of them being Slavs and Italians.

The Bellevue mines are located about two miles east of Frank and four miles west of Blairmore, where the head office of the West Canadian Collieries are located.

The company operates coal mines at Blairmore, Frank, and Lethbridge, Grassay Lake and Bryon Creek, and owns and operates a railway to Little about six miles from Frank.

The shareholders are principally French, and the manager, J. L. Frank, and the company was organized in 1903, by J. Y. Fleutot, with a capitalization of \$1,000,000.

W. G. Wright of Lille, France, is president of the company and R. W. Coulthard, an experienced mining engineer, the resident manager.

The latter said that the Imperial Forces were responsible for the explosion.

THE SUNDAY SCHOOL

LESSON XII.—FOURTH QUARTER,
FOR DEC. 18, 1910

Text of the Lesson, Matt. xxviii, 1-20.

Memory Verses, 5, 6—Golden Text, Matt. xxviii, 20—Commentary Prepared by Rev. D. M. Stearns.

Those who know nothing of a risen Christ, kind nothing of half of life, and have no gospel to believe or preach (I Cor. xv, 14-19). It was the one great topic of Peter and Paul in all their teaching. "Peter raised up the Prince of Life, whom God hath raised from the dead." "With great power gave the apostles witness of the resurrection of Jesus Christ."

In doing so he alluded to the fact that the club had originated at the time it took six days to cross the Atlantic, and the few members then had toasted themselves in the oil lamp, and the like.

The company operates coal mines at Blairmore, Frank and Lethbridge, and owns and operates a railway to Little about six miles from Frank.

The shareholders are principally French, and the manager, J. L. Frank, and the company was organized in 1903, by J. Y. Fleutot, with a capitalization of \$1,000,000.

W. G. Wright of Lille, France, is president of the company and R. W. Coulthard, an experienced mining engineer, the resident manager.

The latter said that the Imperial Forces were responsible for the explosion.

The result of this large contribution to the public service is that the revenue for 1911 will be more than as large again as that of 1910. In the latter year the total is \$3,678,490, while the forecast for 1911 is \$4,763,177. The result will be that the expenditure, of 1911 will be made out of income, and the year will end with the province entirely free from debt, excepting what is due to the Waterway bondholders.

Among the items of expenditure for 1911 are: \$25,000 for immigration and colonization; \$7,500 for the premier's expenses attending the coronation; \$14,000 for the Canadian Red Cross; \$50,000 for the parliament building at Edmonton; \$50,000 for a new court house at Calgary; \$30,000 for the new bridge at Lethbridge; \$50,000 towards the C. P. R. high level bridge, Edmonton: \$30,000 for the new government house. The details of the revenues and expenditures for the coming year are as follows: Estimated revenue for the year, which includes \$3,156,433, the balance of the A. & G. W. issue after deducting the amount of interest and dividends is set down at \$6,603,177. It is made up as follows: Estimated balance from 1910, \$336,520; Dominion—\$1,000,000; provincial lands fund, \$150,000; attorney-general's department, \$455,500; public works department, \$27,000; education department, \$20,000; government department, \$200,000; government securities' department, \$50,000; government, post office, and G. W. railway, arrived in Edmonton recently, and in an interview concerning conditions and prospects in that connection gave some very interesting information.

Mr. Wright says that he is about 75 miles north from Edmonton, and he won't find any place here bettering no one in the country at that time. But this summer, on the strength of the assurance that the A. & G. W. would not have their home there, he has homesteaded in that section where he is located. These settlers are all men of ability and of certain means, and are from British Columbia, South Dakota, Iowa, and Wyoming.

Among them they are worth perhaps \$300,000, and they settled there because they wanted to be near a market. One man, however, has come to the country this fall with a thousand sheep, and the others are already keeping him company. The country is a brush country, and there are immense hay fields. On one field Mr. Wright put up 400 tons and 400 more tons down because he learned it after he started buying land. He is likely to buy. Mr. Wright says that all the settlers where he is will leave the country in the spring, and he will hear for certain that the will not return. The country is a good one, but there must be a railway to keep the people there.

EDMONTON.—A telegram from Blairmore reported that Bedouins had massacred the Turkish garrison at Kerak, a town in the Turkish district of Syria, and had captured more than 1,000 Christians, including the wife of the place in revenge for the execution of a Bedouin chief. The Bedouins, the descendants of the tribe that held the fortress in the valley of which there has been desultory fighting between tribesmen and the government troops for the past year, had captured Kerak, the capital of Moab, and may be even from Jerusalem fifty miles away. There are no American missionaries there, the work being done by the agents of the British missionary society for Africa and the East. There is a branch of the organization at Bassit and consists of one missionary, his wife and one native worker.

C. W. Peterson Promoted by C.P.R.—A telegram from New York advised that J. S. Dennis, in executive duties, the position of superintendent of irrigation vacated by that gentleman has now been filled by the prominent C. W. Peterson, who has been in the important post. The circular announcing the appointment places Mr. Peterson in charge of the maintenance and operation of irrigation canals and distributing systems, and of agricultural development and colonization of the irrigation block.

Scenic Ry., from Coast to Winnipeg—Victoria, B. C.—Hon. Thos. Taylor, minister of public works, proposes a scenic railway from the Pacific Ocean to Winnipeg, passing through the prairie provinces. Letters were sent to Premiers Scott, Sifton and Hon. R. Rogers. Favorable replies have nothing to do with it.

Lands Patent Office—An order-in-council has just been passed creating a lands patents branch of the department of the interior for the administration of lands of organized territories.

Judge Grantham, on a Recent Visit to Canada, Expected to See a Colony, but Found a Nation—Lord Stratford Stalls at a recent Canadian club dinner and presented two handsome loving cups to the club.

In doing so he alluded to the fact that the club had originated at the time it took six days to cross the Atlantic, and the few members then had toasted themselves in the oil lamp, and the like.

Neapolis Notes

Mr. Ed. Myers of Didsbury, is spending a few days with his sister Mrs. H. E. Pearson.

A. F. Lyons is having neat little house built near his mother's store.

K. C. Lewis has opened his new home and wife J. D. Ward.

P. H. Lantz is suffering from a severe attack of laryngitis.

The Neapolis S. S. have decided to hold their annual entertainment on Saturday evening Dec. 24th, everybody welcome.

Miss Sara Hendron, the successful teacher of the new Berthold school, is preparing to give her scholars an excellent treat and program on Friday eve, Dec. 23rd.

J. D. Ward is building a house for Mr. Lyons the store keeper.

Miss Edith Hanson is spending the week with Mrs. H. Howe, who is preparing for a trip East.

Ray Pearson visited with Mac. McLean on Sunday. Ray and Mac are long time friends.

Miss Marcella Morn of Westcott, is staying with friends in this vicinity.

The W. C. T. U. held their semi-monthly meeting Thursday with Mrs. H. Howe.

T. J. Shaw has rented one of the Snyder farms for the coming year.

H. Wier has gone to Calgary for the winter, but expects to return in spring.

Albert Prout has gone to Calgary to resume work at his trade, cabinet making.

He leaves many friends here and will be greatly missed in a social way.

John Shellenberger left on Monday for his home in Nebraska. He has made many friends during his stay here who will be sorry to see him go.

John Dougherty has a fine new buggy to go with the driving horse he recently bought. John says he always did enjoy driving out alone.

The entertainment given by the Willing Workers Class of the S. S. was a success in every way; the weather was just right; the program was all that could be desired, and the social atmosphere was proof positive that the Willing Workers have the true spirit of brotherhood. The financial returns were \$80. Keep watch of the Neapolis Notes for their next date, they will give you something different but just as good and your money's worth every time.

OLD PROSPECTOR TELLS HIS STORY

HIS REAL TROUBLES STARTED WHEN RHEUMATISM GOT HIM

Plasters, Ointments and Sulphur were Useless, but Dodd's Kidney Pills Made a New Man of Him.

Princeton, B.C. (Special)—All over Canada, thousands of men at hard work Dodd's Kidney Pills are doing and even in the Rocky mountain fastnesses where nature hides her mines, are curing of cures men and suffering relieved by the great Custer Kidney remedy.

John Murray, sixty years old, who was tramped the frontier as a timber jack, rancher, and who has friends all over the west, is one of these. Many a tale of his life he has ranged, he can tell his first real trouble came when rheumatism claimed him.

"I slipped on the mountain-side and strained my kidneys, and then my mother's doctor sent me to a doctor in Laramie, Sciatina, Neuralgia, Diabetes, Hydrocephalus, Bright's Disease," Mr. Murray stated.

"Then I broke out in a terrible rash that spread all over my body and kept me in torture. I tried all sorts of liniments and ointments, but could not find anything to stop it. But it was all useless, and I was forced to give up my own.

"Then I took a walk in a terrible rush that spread all over my body and kept me in torture. I tried all sorts of liniments and ointments, but could not find anything to stop it. But it was all useless, and I was forced to give up my own.

"A barnegat schoolma'am had been telling her pupils something about George Washington, and finally she asked:

"Can anyone tell now me which Washington was—a great general or a good admiral?"

The small son of a fisherman raised his hand, and she signified him to speak.

"He was a great general," said the boy. "I seen a picture of him crossing the Delaware, and in that instant he proved a blessing to thousands."

"It is in high favor throughout Canada, and its popularity has far exceeded my belief beyond the seas. It has no equal in the whole list of liniments. If we were double the price it would be a cheap liniment."

It's the natural bravery of a widow that makes her want to take another chance.

She—"Are you engaged?"

He—"To whom?"

She—"That is for you to settle."

"I leave it entirely to you."

Swallows His Own Tail

"Old Captain Tafred is one of the most wonderful men to kid himself that I have ever met with," said Spoffer. "He swallows his tail so often that he actually believes them himself."

"Then, he's like the American hoop in the story in Spain."

"How's that?" inquired Spoffer.

"Why, he swallows his own tail," answered Spoffer.

"Will you always be true?" asked the broker's suspicious daughter, when young Spoffer had thrown himself at her feet and begged for her hand.

"As true as steel!" he cried.

"Common or preferred?" she inquired, still suspicious.—Chicago Daily Tribune.

ZAM-BUK CURES PILES

Maritime Magistrate's Case.

Mr. C. E. Sanford, of Weston, King's Co., N.S., a Justice of the Peace for the county, and a Deacon of the Baptist Church in Weston, has had his Zam-Buk piles and found it a splendid remedy. It cured him.

Mr. T. P. Palmer, of Prince Albert, Sask., writes: "I must thank you for the benefit I have received from the use of Zam-Buk. Last summer I had a fever, which I did not know what it was, and I took Zam-Buk, and found it gave me relief, so I continued with it. After using three boxes, it effected a complete cure."

Zam-Buk will also give a sure cure for cold sores, chapped hands, frost bite, ulcers, eczema, blood-poison, varicose sores, sore sores, ringworm, cracked places, cuts, ringworm, and skin injuries generally. All druggists, who sell at 50c. box, will also find Zam-Buk in Toronto upon receipt of price. You are warned against harmful imitations and substitutes.
